Period for Reply

A SHORTENED STATUTORY PERIOD FOR REPLY IS SET TO EXPIRE 3 MONTH(S) FROM THE MAILING DATE OF THIS COMMUNICATION.

- Extensions of time may be available under the provisions of 37 CFR 1.136(a). In no event, however, may a reply be timely filed after SIX (6) MONTHS from the mailing date of this communication.
- If the period for reply specified above is less than thirty (30) days, a reply within the statutory minimum of thirty (30) days will be considered timely.
- If NO period for reply is specified above, the maximum statutory period will apply and will expire SIX (6) MONTHS from the mailing date of this communication.
- Failure to reply within the set or extended period for reply will, by statute, cause the application to become ABANDONED (35 U.S.C. § 133). Any reply received by the Office later than three months after the mailing date of this communication, even if timely filed, may reduce any earned patent term adjustment. See 37 CFR 1.704(b).

DETAILED ACTION

Response to Amendment

The finality of the rejection of the last Office action is withdrawn and the prosecution is re-opened.

Priority

Acknowledgment is made of applicant's claim for priority under 35 U.S.C. 119(a)-(d) based upon an application filed in PCT/DE98/02621 on 09/02/1997. A claim for priority under 35 U.S.C. 119(a)-(d) cannot be based on said application, since the United States application was filed (on 06/05/2000) more than twelve months thereafter.

Claim Rejections - 35 USC § 102

The rejection of the claims under 35 U.S.C. 102(b) as being anticipated by Behrens et al (1998, Science vol. 280, pages 596-599, a copy provided with the Office action mailed on 11/26/2001) is applied to the new claim 47.

Claim 47 is drawn to an isolated protein comprising SEQ ID NO:1.

It appears that the Office dropped the rejection because applicant argued that the instant application claims priority benefit under 119 (according the Declaration filed with the instant applicant) to PCT/DE98/02621 filed on 09/02/1997. However, as explained above, the priority is not granted. Therefore, Behrens et al who teach instant SEQ ID NO:1 is 102 (b) art.

Applicant's petition (see attached) suggests that PCT/DE98/02621 was not co-pending when the instant application was filed. The instant application will be forwarded to the Petitions office for decision. The petition also suggests that applicant wants to

Art Unit: 1642

claim domestic priority to PCT/DE98/02621. If that is the case, an application in which the benefits of an earlier application are desired must contain a specific reference to the prior application(s) in the first sentence of the specification of in an application data sheet (37 CFR 1.78(a)(2) and (a)(5)). The specific reference to any prior nonprovisional application must include the relationship (i.e., continuation, divisional, or continuation-in-part) between the applications except when the reference is to a prior application of a CPA assigned the same application number.

Should applicant desire to obtain the benefit of the filing date of the prior application, attention is directed to 35 U.S.C. 120 and 37 CFR 1.78.
